Argument for Action: Ethics and Professional Conduct—John Lawrence 2018-12-12 First published in 1999. This book will help professions and professionals to identify their contribution to society and to understand the argument in which they must engage if they are to justify their conduct. Because of their specialized expertise and power, the task is both difficult and pressing. The work is divided into two parts. Part 1 discusses the concepts ‘ethics’ and ‘professional conduct’, indicating their dimensions and contested nature. In each case, following examination and analysis of relevant literature, a conceptual framework or model is proposed for locating instances of, in turn, ethics and professional conduct. In part 2, the model of ethical choice is used to discuss the ethical justification of professional conduct in the various forms, locations, and stages provided by its social setting. In this way, it provides grounding arguments for relevant action by professionals and others dealing with professionals. The book concludes with a proposal for a national standing commission on the professions.

Ethics, Professional Responsibility and the Lawyer—Duncan Alexander Webb 2016-03 Since the last edition of Ethics, Professional Responsibility and the Lawyer was published the Lawyers and Conveyancers Act 2006 has been enacted and Rules of Conduct and Client Care replaced the Rules of Professional Conduct for Barristers and Solicitors in 2008. Consequently there have been huge changes to the field of legal ethics. This new edition incorporates these changes and the relevant jurisprudence and includes expanded analysis of associated key
topics including: lawyer-client relationships and conflicts; client confidences; privacy; and duties of care. Legal ethics is a compulsory course for all New Zealand law students and an integral part of the lawyers' professional life making Ethics, Professional Responsibility and the Lawyer a must-have text for all current and aspiring lawyers.; Reflects and discusses the changes to the legal profession (and its ethical and professional responsibility requirements) with the implementation of Lawyers and Conveyancers Act (2006) and the new rules of Conduct and Client Care.; Expanded discussion of duties of client care; privacy; litigation duties and confidence; Clarification of distinctions between confidentiality and privacy; Extensive revision of sections on lawyer-client relationships especially the cab-rank rule and termination and lawyer-client conflicts.

Lawyers’ Ethics and Professional Responsibility - Andrew Boon 2015-08-27 This book aims to produce lawyers who can debate, criticise and change professional ethics as well as understand their underlying rationale. Written by the author of the leading work on the subject, The Ethics and Conduct of Lawyers in England and Wales, this book is aimed at the undergraduate or postgraduate student taking a half or full course in the subject. The book is divided into four parts dealing with the professional and regulatory framework for delivering legal services, the obligations owed to clients, wider duties and responsibilities and practice settings. It sets out the important background to the modern practice of law, and explains the theoretical underpinning of professional ethics and its everyday application through conduct rules and principles. Extracts from legislation, cases and conduct rules are provided, and comparative issues are considered where relevant. The book is also interactive, raising issues and posing questions that will encourage students to engage with the material as they read, which will also be helpful for classroom discussion.

Legal Ethics and Professional Responsibility - Ross Cranston 1995
Among members of the legal profession and judiciary throughout the world, there is a genuine concern with establishing and maintaining high ethical standards. It is not difficult to understand why this should be so. Nor is it difficult to see the professional standards are not completely divorced from ordinary morality. Indeed, legal ethics and professional responsibility are more than a set of rules of good conduct; they are also a commitment to honesty, integrity, and service in the practice of law. In order to ensure that the standards established are the right ones, it is necessary first of all to examine important philosophical and policy issues, such as the need to reconsider the boundaries between, on the one hand, a lawyer’s obligation to a client and, on the other, the public interest. It is also to be appreciated that conflicts of interest are pervasive and that all too often they are so common that they are not recognized as such. Yet rarely is public policy clearly cut. The underlying themes of this book are: * that the move to more definite rules is not only inevitable but also desirable * that existing codes of professional practice cannot simply be treated as a system of specific rules * that the current set of ethical rules is contestable and requires further refinement, perhaps even radical surgery * and that legal ethics must be conceived in the more general area of professional responsibility The wider ethical issues of the operation of the legal profession as a whole are now firmly on the agenda. Both law schools and law professionals have a role to play in developing acceptable standards in this area and it is therefore appropriate that the essays in this volume are written by a distinguished group of law teachers and practitioners together with senior members of the judiciary. The book opens with an overview chapter, followed by three chapters analysing the ethical rules pertaining to the judiciary, the Bar, and solicitors, written by, respectively, the Master of the Rolls, Anthony Thornton, and Alison Crawley and Christopher Bramall. The following three chapters look at the specific issues of
confidentiality (Michael Brindle and Guy Dehn) and the particular ethical problems in the family and criminal law jurisdictions (Sir Alan Ward and Professor Andrew Ashworth respectively). Chapter 8, by Sir Alan Paterson, discusses the teaching of legal ethics, whilst Chapters 9 and 10, by Marc Galanter, Thomas Palay, and Cyril Glasser put the subject in its wider social and professional context. The book finishes with a chapter which examines what lawyers may learn from looking at the study of medical ethics.

Practice Directions and Rulings-Law Society of Singapore 1989 Model Rules of Professional Conduct-American Bar Association. House of Delegates 2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Legal Ethics, Professional Responsibility, and the Legal Profession-Gregory Sisk 2018-06-09 As the legal profession undergoes structural changes, longstanding principles of ethics still govern the day-to-day lives of practicing lawyers. This new Hornbook on professional responsibility provides both a snapshot of ongoing systemic changes and a thorough examination of the fundamentals of lawyer and judicial ethics. As a multi-dimensional work by scholarly experts in several fields, the Hornbook (1) begins with the changing environment in which legal services are provided in the modern economy; (2) continues with a theoretical grounding of legal ethics in moral philosophy; (3) offers empirical
evidence and discussion about professional formation and moral
development; (4) provides a comprehensive analysis of the law of
lawyer ethics; (5) includes a rich discussion of the modern law of
legal malpractice, and (6) concludes with exploration of the rules
of judicial ethics.

Lawyers' Professional Responsibility-Gino Evan Dal Pont
2016-09-22 Lawyers' Professional Responsibility, sixth edition is a
detailed yet accessible treatment of lawyers' legal and
professional responsibilities, suitable for students and
practitioners alike. This comprehensive book contains detailed
footnoting of relevant provisions and rules in each Australian
jurisdiction. Lawyers' Professional Responsibility’s content and
commentary are not confined to developments across Australia,
but where relevant includes comparative coverage from the main
common law jurisdictions, including the United States, Canada,
the United Kingdom, New Zealand, Hong Kong and Singapore.
This edition includes content and commentary on the Legal
Profession Uniform Law, to date as implemented in New South
Wales and Victoria, together with the various uniform rules, for
both solicitors and barristers.

Connecting Ethics and Practice-Katerina P. Lewinbuk 2019-02-12
In Connecting Ethics and Practice: A Lawyer’s Guide to
Professional Responsibility, Second Edition, Katerina Lewinbuk
explains the legal, professional, and ethical constraints that
regulate attorneys, while keeping the modern law professor and
student in mind. Contemporary cases and articles are used to
provide for an easier understanding of the Model Rules and
Judicial Cannons, which assists in preparing for law school exams
and the MPRE. The author employs a user-friendly coursebook
format organized in a logical manner, while achieving a realistic
and manageable length. Mind-maps are provided with every
chapter to help students visualize and remember selected rules,
and discussion questions are used to allow the students to fully
comprehend and digest the reading, while also demonstrating
real-life struggles most lawyers face at some point in their career. Based on the unique format, students systematically cover all important aspects of the legal journey from law school to the legal profession. New to the Second Edition: Two-color format and new design add visual appeal Revised chapters contain contemporary cases, discussions, and studies Updates include recent changes to the ABA Model Rules of Professional Conduct New coverage includes: Discussion of the ethical issue relating to Judge Kavanaugh hearings Recent famous case of McCoy v. Louisiana New statistics re: women in the legal profession and malpractice claims against lawyers Professors and students will benefit from: The easy-to-follow logical sequence of all relevant rules that are clearly articulated at the beginning of the book and then reiterated accordingly in every chapter Structured material that is well-suited for a new or experienced professor Chapters based on quality readings as opposed to quantity Engaging, realistic examples that exhibit how each Rule relates to practice Simple, consistent organization of each chapter—offering a clear, logical layout and allowing for ease of use and teaching throughout Chapter introductions that begin with concise explanations of the applicable Rules to be discussed Controversial, contemporary, and thought-provoking readings Discussion questions at the end of each reading, as well as at the end of each chapter, that encourage colorful and lively dialogue and participation Table of Model Rules with applicable page numbers for easy reference Ethics, Professional Responsibility and Legal Practice-Peter J. M. MacFarlane 2016 Lawyers and Ethics-Gavin MacKenzie 1993 Legal Ethics and Professional Responsibility-Allan C. Hutchinson 2006 Changes in the way law is practiced, and who practices it, demand a new approach to legal ethics and professional responsibility--one that stresses personal responsibility over professional regulation. Hutchinsons book is an accessible introduction to the topic and a provocative call to arms for the
profession. This edition includes analysis of the Canadian Bar Associations 2006 Code of Professional Conduct.

ETHICAL LEGAL PRACTICE AND PROFESSIONAL CONDUCT.-F. ESPARRAGA 2019

Research on Professional Responsibility and Ethics in Accounting-C. Richard Baker 2021-09-10 This edition of Research on Professional Responsibility and Ethics in Accounting explores many aspects of professional responsibility and ethics in accounting, including Giving Voice to Values, Whistleblowing, Earnings Management, and Materiality.

Professional Responsibility and Legal Ethics in Queensland-Stephen Corones 2014 Offers a proven, practical approach to identifying and resolving ethical issues that may arise in daily legal practice in Queensland. Corones, Stobbs and Thomas, Queensland University of Technology.

Problems in Professional Responsibility for a Changing Profession-Andrew L. Kaufman 2009 Kaufman and Wilkins mark the 20th anniversary of Problems in Professional Responsibility for a Changing Profession with a new 5th edition. Their new edition covers judicial, legislative, and executive developments in the traditional fields of conflicting interests and confidentiality, specialty fields of corporate and government representation as well as representation of those with impaired capacity. It also deals with the problems created by the increasing nationalization and internationalization of law practice, including the basic problem of trying to determine whose professional responsibility law governs the activity of lawyers when they engage in activity beyond their home jurisdictions. Various efforts to reform the profession here and abroad to meet the legal needs of clients and would-be clients are also presented. The authors have added substantial new material dealing with the demographics and institutions of law practice and their effect on professional identity.

The Ethical Lawyer-Richard Scragg 2018 The Ethical Lawyer:
Legal Ethics and Professional Responsibility is a guide to ethical conduct and client care which traces the developments in the field of legal ethics and professional responsibility that have occurred in New Zealand over the past 20 years and examines what it means to be an ethical lawyer in New Zealand today. The book also provides a highly readable resource for learning the rules governing professional conduct. Its primary purpose is to (a) focus on the key ethical issues that lawyers encounter on a day-to-day basis in their practices, and (b) give lawyers an easy-to-follow.

Legal Ethics-Jonathan Herring 2017-03-09
Who would or should defend a potential murderer in court? How do professions regulate themselves? Is 'no win-no fee' an ethical system? Where is the line in a 'suitable' client-advocate relationship? Jonathan Herring provides a clear and engaging overview of legal ethics, highlighting that the issues surrounding professional conduct are not always black and white and raising interesting questions about how lawyers act and what their role entails. Key topics, such as confidentiality, negligence, and fees are covered, with references throughout to the professional codes of conduct. Features throughout the textbook to aid student learning include the highlighting of key cases, principles, and definitions; the inclusion of a variety of viewpoints through coverage of cases, popular media, and scholarly articles; and use inclusion of 'digging deeper' and 'alternative viewpoint' boxes which encourage critical reflection and better understanding of key theories and topics. The well developed online resource centre includes Podcasts linked to the 'what would you do' chapter features, video debates, relevant updates and web links.

Nursing Ethics and Professional Responsibility in Advanced Practice-Pamela J. Grace 2017-02-01
Nursing Ethics And Professional Responsibility In Advanced Practice, Third Edition Focuses On The Historical Background, Knowledge And Leadership Skills Necessary To Improve The Quality Of Health
For Both Individuals And Society. The Text Takes A Comprehensive Approach In Addressing Contemporary Health Issues Faced By Healthcare Professionals Across A Variety Of Settings. The Third Edition Has Been Updated To Reflect Changes In The Healthcare Landscape And To Explore How This Impacts And Expands The Role Of The Advance Practice Nurse. New To The Third Edition: Exploration Of The Role Of Inter-Professional Ethics Expanded Content On Social Justice Including Advocacy For Vulnerable Populations And Global Issues Additional Content On Gerontologic Issues New Content On Men’S Health Issues And Substance Abuse Focus On Perioperative And CRNA Issues

Professional Ethics and Social Responsibility-Daniel E. Wueste
1994 Edmund Burke: Modernity, Politics, and Aesthetics examines the philosophy of Burke in view of its contribution to our understanding of modernity. Stephen K. White argues that Burke shows us how modernity engenders an implicit forgetfulness of human finitude. White illustrates this theme by showing how Burke's political thought, his judgment of the modern system of morality and policy, and its taste for a false sublime are structured by his aesthetics.

Legal Ethics-Ronald D. Rotunda 2007
Research on Professional Responsibility and Ethics in Accounting-Cynthia Jeffrey 2004-09-17 High-quality research and case studies that focus on the professional responsibilities of accountants and how they deal with the ethical issues they face. This series features articles on a broad range of important and timely topics, including professionalism, social responsibility, ethical judgment, and accountability.

Ethics in Engineering Practice and Research-Caroline Whitbeck 2011-08-15 The first edition of Caroline Whitbeck's Ethics in Engineering Practice and Research focused on the difficult ethical problems engineers encounter in their practice and in research. In many ways, these problems are like design problems: they are
complex, often ill defined; resolving them involves an iterative process of analysis and synthesis; and there can be more than one acceptable solution. In the second edition of this text, Dr Whitbeck goes above and beyond by featuring more real-life problems, stating recent scenarios and laying the foundation of ethical concepts and reasoning. This book offers a real-world, problem-centered approach to engineering ethics, using a rich collection of open-ended case studies to develop skill in recognizing and addressing ethical issues.

Beyond the Rules-Catherine O'Grady 2021-08-13 This concise book brings behavioral insights to the wide array of topics commonly taught in the required professional responsibility course, including admission to the practice of law, confidentiality, conflicts of interest, representing entities, prosecutorial and criminal defense ethics, litigation and negotiation ethics, legal billing, and managerial and subordinate responsibilities. Behavioral legal ethics relies on empirical research to explore how lawyers actually make ethical decisions in context, rather than how they predict they would decide an ethical dilemma. This approach complements the law of lawyering by seeking to understand how various psychological factors and situational pressures explain and influence decision-making and resulting ethical (or unethical) action. Each chapter explores findings from behavioral science that pertain to ethical decision-making such as motivated reasoning, confirmation bias and other cognitive biases, fast thinking, the fundamental attribution error, wrongful obedience, conformity, moral disengagement, and much more. In addition, each chapter contains relevant case studies and reflection questions to deepen and cement students' understanding of the role of behavioral legal ethics in professional responsibility. Finally, the book offers ideas for individual attorneys and legal organizations to improve ethical decision-making. The book can be used as a stand-alone text in a required professional responsibility course, along with the ABA
Model Rules of Professional Conduct and select cases and materials, or it can be used as a supplement to a professional responsibility casebook. In addition, the book can be used in advanced legal ethics courses. The authors, both scholars in the field of behavioral legal ethics, are professional responsibility professors who have incorporated behavioral legal ethics into their own classrooms. They have found that students enjoy studying and discussing behavioral insights, and that integrating a behavioral focus to the study of legal ethics helps students better understand the ethical doctrines, policy, and context that underlie the law of lawyering and the ABA Model Rules. A sampling of student testimonials include: "I found the psychology of legal ethics extremely helpful. It really allowed me to focus in on the issues I know I will be challenged with when I enter the legal profession." "I liked how the course was not just putting the rule on the board and going over it, which I have heard some professors do. I liked looking at the rules through a behavioral science lens." "I appreciated the unique take from the behavioral sciences side." "It is kind of hard to imagine studying ethics without any mention of the psychological issues at this point."

Professional Responsibility in Dentistry—Joseph P. Graskemper

2011-07-05 Professional Responsibility in Dentistry: A Practical Guide to Law and Ethics integrates dental law, risk management, professionalism, and ethics, as all are interrelated in everyday practice. Beyond theory, the fact-based approach of this book shows examples of various situations the dentist may face. Dr. Graskemper addresses a range of topics, from legal concepts and regulation of dentistry to professionalism and ethics. He points out specific issues in the practice of dentistry, particularly those that confront new dentists and dentists with new practices. True Cases throughout the book walk readers through real-world examples of complex situations and discuss the proper way to handle them with attention to the legal, ethical, and practice management ramifications. These include patient charting,
professional criticisms, child neglect, associateships, patient refunds, and more.

Lawyers in Practice-Leslie C. Levin 2012-03-30 How do lawyers resolve ethical dilemmas in the everyday context of their practice? What are the issues that commonly arise, and how do lawyers determine the best ways to resolve them? Until recently, efforts to answer these questions have focused primarily on rules and legal doctrine rather than the real-life situations lawyers face in legal practice. The first book to present empirical research on ethical decision making in a variety of practice contexts, including corporate litigation, securities, immigration, and divorce law, Lawyers in Practice fills a substantial gap in the existing literature. Following an introduction emphasizing the increasing importance of understanding context in the legal profession, contributions focus on ethical dilemmas ranging from relatively narrow ethical issues to broader problems of professionalism, including the prosecutor’s obligation to disclose evidence, the management of conflicts of interest, and loyalty to clients and the court. Each chapter details the resolution of a dilemma from the practitioner’s point of view that is, in turn, set within a particular community of practice. Timely and practical, this book should be required reading for law students as well as students and scholars of law and society.

Annotated Model Rules of Professional Conduct-Center for Professional Responsibility (American Bar Association) 1992

The Ethics and Conduct of Lawyers in England and Wales-Andrew Boon 2014-11-07 This is the third edition of the leading textbook on legal ethics and the regulation of the legal profession in England and Wales. As such it maps the complex regulatory environment in which the legal profession in England and Wales now operates. It opens with a critical overview of professional ideals, organisation, power and culture and an examination of the mechanisms of professions, exercised through governance, regulation, discipline and education. The core of the book
explores the conflict between duties owed to clients (loyalty and confidentiality) and wider duties (to the profession, third parties and society). The final part applies lawyers' ethics to dispute resolution and settlement (litigation, negotiation, advocacy and alternative dispute settlement). Now laid out in a more accessible format and written in a more approachable style, the book is ideal reading for those teaching and learning in the field of legal ethics.

Journalism Ethics-Fred Brown 2011 Accuracy and Fairness.
International Perspectives on the Regulation of Lawyers and Legal Services-Bloomsbury Publishing 2017-11-30 This collection explores developments in the regulation of legal services by examining the control of the markets in several key countries and in jurisdictions within countries. The contributions consider emerging adjustments in regulatory structures and methods; examine the continuing role, if any, of professionals and how this may be changing; and speculate on the future of legal services regulation in each jurisdiction. The introductory and concluding chapters draw together similarities, differences and conclusions regarding directions of change in the regulation of legal services. They consider the emergence of alternatives to professionalism as a means of regulating legal services and some implications for the rule of law.

Professional Responsibility in Focus-Jack P. Sahl 2021-02 "Law school casebook for courses on professional responsibility"--Research on Professional Responsibility and Ethics in Accounting-Cynthia Jeffrey 2012-09-03 Intends to offer research and cases that focus on the professional responsibilities of accountants and how they deal with the ethical issues they face. This series features articles on a range of important topics, including professionalism, social responsibility, corporate responsibility, ethical judgments, and accountability.

Professional Ethics for the Construction Industry-Rebecca Mirsky 2014-07-25 Construction professionals have a range of demanding responsibilities; towards clients, their companies, and
to abide by government regulations. It is understandable that busy practitioners could forget their ethical responsibilities in the face of these pressures, but maintaining a rigorous ethical standard is crucial to long-term success. Written to meet the ACCE’s requirements for all construction students, this textbook draws on the authors’ industry experience, as well as detailed case studies to introduce and explore ethics in the construction industry. Within each chapter, the authors present the key ethical issues in important areas of construction management such as: Contracts and bidding Documentation Codes and Compliance Discrimination and Harassment Client Relations Lists of further reading and discussion questions will help readers at all levels to develop their understanding of this issue. Written as a resource to accompany students throughout their degrees, this is the ideal book to give students or practitioners the breadth and depth of understanding required to successfully negotiate the ethical challenges facing the construction organization of today.

Lawyers and Ethics-Gavin MacKenzie 1999

Computer Ethics and Professional Responsibility-Terrell Ward Bynum 2003-09-19 This clear and accessible textbookand its associated website offer a state of the art introduction to the burgeoning field of computer ethics and professional responsibility. Includes discussion of hot topics such as the history of computing; the social context of computing; methods of ethical analysis; professional responsibility and codes of ethics; computer security, risks and liabilities; computer crime, viruses and hacking; data protection and privacy; intellectual property and the “open source” movement; global ethics and the internet. Introduces key issues and concepts at the start of each section, and features classroom-tested study questions, and lists of useful websites and further reading. Provides a wealth of relevant case studies, and an easy-to-learn case-analysis technique. Is accompanied by a website, offering sample student answers, additional study questions, example case analyses, and discussion.
Ethics and regulation have become catchwords of the late 1990s, yet relatively little has been written about the ethical discourse and regulation of the legal professions in England and Wales. This book represents the first attempt to subject the ethical discourse of the English legal professions to in-depth analysis and sustained critique. Drawing on insights from moral philosophy, social theory, the sociology of the legal profession, public law theories of regulation, and the extensive American literature on lawyers' ethics, it argues that, in seeking to provide definitive answers to particular problems of professional conduct, professional legal ethics has failed to deliver an approach which requires lawyers actively to engage with the ethical issues raised by legal practice. Through an analysis of the core issues facing lawyers, the authors locate this failure in the profession's reliance on a liberal and adversarial role morality that conceptualises the ethical values of human dignity, autonomy and equality in a formalistic and narrowly legalistic manner. This encourages lawyers to overlook the real invasions of these values so often wrought by upholding clients legal rights, and to ignore the competing claims of affected third parties, the wider community and the environment.

In seeking to move beyond critique, the authors develop throughout the book a contextual approach to individual ethical decision-making and outline a range of institutional, regulatory and educational reforms which, they suggest, could form the basis for a more ethical brand of professionalism. Professional Legal Ethics: Critical Interrogations is a wide-ranging and thought-provoking analysis written for lawyers, ethicists and policy-makers interested in this neglected area of professional ethics and regulation.

Professional Responsibility in Focus-Jack P. Sahl 2017-09-26 This first-edition casebook, part of our expanding Focus series, offers a
comprehensive, practice-oriented approach to the legal and ethical rules governing lawyers and judges. By providing real-world scenarios throughout the text, this casebook gives students numerous opportunities to apply what they learn and solidify their understanding of important concepts. Clear explanatory text, case previews, and case follow-ups further clarify the rules and aid in student understanding. The casebook begins with an introduction to the legal profession, and follows with concise, well-written chapters on the attorney-client relationship, covering competence, confidentiality, and conflicts of interest; discussion of the lawyer as advocate; special issues in criminal practice; coverage of delivery of legal services and access to justice, and a final chapter on judicial ethics. The first chapter on moral responsibility of lawyers helps situate and contextualize the rule-centric discussion of legal ethics that follows, by inviting students to appreciate the various roles that lawyers play in the legal system, their responsibilities to multiple stakeholders, and competing values at play in professional regulation. Key Benefits:

- Key Concepts at the beginning of each chapter.
- Highlighted cases introduced with a Case Preview.
- Post-Case Follow-ups expand on the holding in the case.
- Real Life Applications present opportunities to challenge students to apply concepts covered in the case to realistic hypothetical cases.

Several features at the end of each chapter to help students better understand the material:
- Applying the Rules,
- Summary,
- Professional Responsibility in Practice

The experiential approach of the Focus series provides more opportunities for critical analysis and application of concepts covered in the chapters. Extensive discussions and materials exploring the impact of technology on the delivery of legal services and the ways in which technological changes impact lawyers’ professional duties. The chapter on access to justice and pro bono services takes a comprehensive look at the sources of the justice gap and proposed solutions.

Professional Responsibility for Education-Douglas E. Mitchell
By reconsidering the nature of professional work, renowned scholar Douglas E. Mitchell argues for reconceptualizing educational practices and institutional structures in ways that facilitate and protect educator professional responsibility. This book explores ways educators and their political supporters can seize the social and political power necessary to accept professional responsibility for the design of their work environment. Chapters explore how unionization, ethics, public values, political power, school reform, and trust play an important role in the essence of professional responsibility in schools, arguing that we must use organization, management, and accountability mechanisms to encourage responsible civic participation and professional action in support of public education. This new text for graduate studies in teacher and leadership training frames a much needed analysis of where and how professional responsibility for public education is best incorporated into the work roles of teachers, administrators, and university scholars.

Professional Responsibility in Litigation-Douglas R. Richmond 2011 Trial and appellate lawyers face numerous professional responsibility challenges. These problems often arise suddenly or in circumstances that are at best difficult. The chapters of Professional Responsibility in Litigation are organized by tracing the life of a lawsuit from start to finish. The book begins with an examination of professional responsibility issues attending pre-suit investigations and the initiation of litigation and concludes with a discussion of the professional responsibilities of appellate lawyers.
